| Electronic Goods:   | <input type="checkbox"/> |                         |                          |

I certify that the household hazardous waste that I delivered to Heritage Thermal Services conforms to the description above. The household hazardous waste is not asbestos, dioxin, infectious, polychlorinated biphenyl (PCB) or radioactive and it has not been in contact with these materials. The household hazardous waste comes from residential use and not from a business.
